Maybe even better than free.

You don't need any special software installed to be able to download your files. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. We have no file size limit. You can givethis download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. It is also allowed to link to the download page from websites and communities. Just upload the file you wantto share with your friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free. Files can bedownloaded from any computer from our high speed servers. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. You decide who you want to share your files with. If only we could, wesurely would! On the other hand, using file can actually save you money. filehosting provides an easy possibility for you to send large files to your friends. Sotry our free and simple filehosting service now. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't needany kind of premium-accounts. Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just sowe're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. You can upload any typeof file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Our service is completely free for everyone.
